APPROVAL OF MINUTES

Regular Meeting of September 3, 2013 and regular meeting of October 1, 2013.

There being no quorum present, minutes could not be approved and will not be until at least the meeting of December 3, 2013.

AGENDA

Adjustments were made to sequence of cemetery cleaning schedule to accommodate weather conditions and work needing to be accomplished in each cemetery. This will be a week to week adjustment depending on weather conditions.

Revisions to the cemetery ordinance will be more thorough than first anticipated. Chairman and technical advisor will review entire ordinance to bring it up to date according to changes in procedures since the last revision in 2007. It will then be reviewed by Wes Tallon and voted upon by the entire membership of the cemetery commission, sometime in early 2014.

The next regular meeting of the cemetery commission will be on December 3, 2013. Field work continues every Thursday, weather permitting.

ADJOURNED AT 6:10 pm

Note: As we were getting ready to leave, a visitor came in and we talked for about 45 minutes about the work we are doing, how we got started, etc. She identified herself only as Shelly.
