Note ID: 60684 Date: 10-13-2015 05:03:20 PM Case Notes from Staff.Carrie Dillenkoffer A woman and her daughter came in dragging the puppy by the neck across the floor asking about the regulations on turning in a pet. I told her that we do not take owner surrenders, she said that we can euthanize him, and i told her it was her responsibility. She then picked up the puppy by the skin on its back and carried it to the door. Chelsea spoke up and said she would take the puppy and find it a home. The woman stared at her for a minute and then walked out the door. The mother continued to give us an attitude about why they couldn't keep the dog, i informed her that it was the owner's responsibility to find a place for her pet.

Down at the corner of Cedar mountain & County services Rd, there were indeed 2 pits, Ofc McMillian and I (Silas) took truck one to see if we could locate the dog, This dog (AMANDA) was able to be placed in the truck and was brought back to the shelter.. It is our belief that these dogs were ABANDON but the owner and left on the side of the road. Amanda has cyst on her right eye as well as near her back hind leg. She may have more.. Note ID: 60447 Date: 10-08-2015 04:23:05 PM Case Notes from Staff.Stephanie Bell Kimberly McDermott has 'owned' dog for about 6 months. Her information is: 1250 Forest Ellis Dr. Douglasville, GA 30134, 770-866-9961. Said she knew the dog is chipped but did not know how to have the chip registered to her name. Came to shelter and had photos of dog on her phone. Staff explained to Ms. McDermott that a certified letter has been sent out to the owner listed on the microchip and she will have to wait to reclaim until after the letter has been delivered. Per Stacey, reclaim fee and boarding fees most likely will be waived.
