Re: REQUEST FOR QUALIFICATIONS
800 MHZ RADIO COMMUNICATION SYSTEM
Douglas County Board of Commissioners
Solicitation No. 17-004

Dear Ladies and Gentlemen,

This **Addendum No.2**, to Douglas County's Request for Qualifications from 800 MHZ Radio Communication System professional consulting firms, is hereby issued to provide clarification to the Request in the following particulars only, and is made a part of the Request document.

1. Please confirm that pricing is not to be included as part of the contractor's response.
Pricing is not to be included.
2. Under Qualifications and Experience, can the County please clarify their request to, "Provide a list of previous RFQs for recommended systems showing that the client either went with the recommendation in the RFQ or that the client decided to abandon the RFQ and utilize a different process." **Submit any cases where a solution was offered to a client, and the client chose not to implement the solution.**
3. Please share the sign-in sheet and any minutes from the pre-bid meeting held on February 8. **This information can be found at www.celebratedouglascounty.com under the Purchasing department.**
4. Confirm that the County is not requesting price proposals with the RFQ response. Our understanding is that, following evaluation of RFQ responses, the County will short-list the highest ranked respondents who will then be asked to provide a cost proposal. There are multiple references throughout the RFQ that refer to price:
 - The first paragraph states: "Ongoing support during the systems implementation phase will be priced as an "alternate" and will be used by the Owner on an "as-needed" basis."
 - Section 1, Qualifications Format, Item 5.b, Additional Services Required, states "This section should not include any pricing information but should include scope refinement that matches the pricing provided separately."
No pricing should be submitted.
5. Section 1, Item 5.d requests respondents to describe their experience with E9-1-1 and NG9-1-1 systems. Does this project include an assessment and specifications/RFP for an upgrade of the County's 9-1-1 telephony? **Yes.**

Purchasing Department

6. Section 1, Item 6 “Understanding the Project” requests a narrative demonstrating RFQ understanding and design challenges related to the project. Section 6, Qualifications Documents Checklist indicates that RFQ Section 6 is for “Financial Information and Documentation.” Please clarify what information is requested in Section 6 of the Qualifications response. **Understanding the Project as detailed on Page 5.**
7. Will the County accept the electronic copies on a CD, rather than flash drives? **Yes.**
8. The checklist indicates the SAVE affidavit is mandatory (Verifying Residency Status of an Applicant). Please advise how to complete this form for a corporation responding to the RFQ. Confirm that this Affidavit is the same as Section V, Item E, Affidavit Verifying Status for Public Benefit-Required by the Georgia Security and Immigration Compliance Act. If not, please provide the missing SAVE form. **C: Georgia Security & Immigration Compliance affidavit.**
9. Does the County have a budget established for radio communications consulting services? Will you share it? **No.**
10. Does the County have funds allocated for the radio system upgrade? Will you share it? **\$16.5 M**
11. Does the County have a budget for the consultant work on this project? **No.**
12. Has a budget for the implementation phase been approved already? **No**
13. Who is the present LMR system vendor? **Metropolitan Communications**
14. Do you have a present consultant that is working with the County on your LMR system? Is yes, who is it? **No**
15. Regarding Section 3a, the County requests a listing of financial references. Is the County referring to our banks and auditors or past client project references? **Your financial information.**
16. What type of system in the County’s current analog system? **VHF LTR Trunk System (non P25 compliant)**
