I spoke to Ms. Pounds and she wants to reclaim her dogs but not the pups. Explained that the dog is hers and so are the pups and that the pups are way too young to survive on their own, that they need to stay with their mother. I informed Ms. Pounds that she needs to come and reclaim her dog/puppies as soon as possible because there is a \$5 per day boarding fee that can add up. Before I could tell Ms. Pounds that there was another dog and a cat picked up at her residence in addition to Lady Ms. Pounds said the other dog (meaning Jason 16733) and the cat are not hers.

	Tango was brought in today by a gentleman and was put on quarantine due to his wife got scratched. Lisa filled out a bite report and the gentleman is supposed to email photo of the scratch. I called and spoke with Angela and told her we have her cat and it is under quarantine until the 15th. I let her know there will be a \$100.00 reclaim fee and she will need to bring in rabies proof. She said this is not her cat, its actually her kid's dad's cat but she came in to originally get because he was unable to. I again let her know that it has her listed as ownner so she will be responsible. I also let her know that we were supposed to have proof of rabie's and nueter by 4-16-2015 as stated in her contract. She said she was calling the kid's dad and she will get back to us.
