

# Office of Risk & Safety

Organizational

Training

Class

**Course Name:** Housekeeping Safety

**Duration:** 40 Minutes

**Video Included:** Yes

**Instructor:** TBD

**Course Description:** The purpose of this class is to show that effective housekeeping can help control, or eliminate workplace hazards. Housekeeping is an important component of safety in the workplace. Such task as keeping work areas clean and neat, preventing slip / trip / fall hazards and placement / positioning of wet floor signage are a good start to housekeeping safety and more will be taught in this class.
